EUROPEAN
COMMISSION

Brussels, XXX
[…](2022) XXX draft

ANNEX 12

ANNEX

to the

COMMISSION REGULATION

amending Commission Regulation (EU) 2017/1151 for the purpose of adopting to technical progress the emission type approval procedures for light passenger and commercial vehicles

ANNEX XII

(1) Annex XVI is replaced by the following:

‘

ANNEX XVI

REQUIREMENTS FOR VEHICLES THAT USE A REAGENT FOR THE EXHAUST AFTER-TREATMENT SYSTEM

1. Introduction

This Annex sets out the requirements for vehicles that rely on the use of a reagent for the after-treatment system in order to reduce emissions.

2. General requirements

The general requirements for vehicles that use a reagent for the exhaust after-treatment system shall be those set out in paragraph 6.9. of UN Regulation No 154.

3. Technical requirements

The technical requirements for vehicles that use a reagent for the exhaust after-treatment system shall be those set out in Appendix 6 to UN Regulation No 154.

3.1. The reference to Annex A1 in paragraph 4.1. of Appendix 6 to UN Regulation No 154 shall be understood as reference to Appendix 3 of Annex I to this Regulation.’.
