# COMMISSION REGULATION (EU) .../...

of **XXX**

**establishing a list of intended uses of feed intended for particular nutritional purposes  
and repealing Directive 2008/38/EC**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 767/2009 of the European Parliament and of the Council of 13 July 2009 on the placing on the market and use of feed, amending European Parliament and Council Regulation (EC) No 1831/2003 and repealing Council Directive 79/373/EEC, Commission Directive 80/511/EEC, Council Directives 82/471/EEC, 83/228/EEC, 93/74/EEC, 93/113/EC and 96/25/EC and Commission Decision 2004/217/EC<sup>1</sup>, and in particular Article 10 thereof,

Whereas:

- (1) The placing on the market and use of feed is regulated by Regulation (EC) No 767/2009. In accordance with Article 9 of that Regulation feed intended for particular nutritional purposes may only be marketed if its intended use is included in a list of intended uses.
- (2) Commission Directive 2008/38/EC<sup>2</sup> established a list of intended uses of animal feedingstuffs for particular nutritional purposes.
- (3) Part A of Annex I to Directive 2008/38/EC established the general provisions for feed intended for particular nutritional purposes. Considering scientific and technological developments and the labelling requirements established by Regulation (EC) No 767/2009, those general provisions were to be reviewed.
- (4) Articles 11 to 17 of Regulation (EC) No 767/2009 established new principles and rules for the placing on the market of feed, including labelling. As a consequence, several entries in the list of intended uses of feed intended for particular nutritional purposes contained in Part B of Annex I to Directive 2008/38/EC became outdated, partially because of poor and overly general descriptions in the column "Essential nutritional characteristics". For such entries, it has been very difficult for the control authorities to verify compliance with the provisions of Regulation (EC) No 767/2009, including whether the specific composition of the feed concerned fulfils the respective particular intended nutritional purpose.
- (5) In accordance with Article 10 of Regulation (EC) No 767/2009, the Commission received a number of applications to amend and change the conditions of several particular nutritional purposes, which had become outdated. Outdated entries for

---

<sup>1</sup> OJ L 229, 1.9.2009, p. 1.

<sup>2</sup> Commission Directive 2008/38/EC of 5 March 2008 establishing a list of intended uses of animal feedingstuffs for particular nutritional purposes (OJ L 62, 6.3.2008, p. 9).

which no application has been submitted or for which the application was withdrawn should be deleted.

- (6) As regards other intended uses of feed intended for particular nutritional purposes in Part B of Annex I to Directive 2008/38/EC, amendments were necessary for the essential nutritional characteristics and the labelling declarations to adapt them to the scientific and technological developments.
- (7) Furthermore, the Commission received, in accordance with Article 10 of Regulation (EC) No 767/2009 applications to add the particular nutritional purposes ‘support of energy metabolism and of the muscle function in the case of rhabdomyolosis’ and ‘support in stressful situations, which will lead to the reduction of associated behaviour’ to the list of intended uses of feed intended for particular nutritional purposes.
- (8) The Commission made all applications, including the dossiers, available to the Member States.
- (9) Following the assessment of the dossiers included in those applications, the Standing Committee on Plants, Animals, Food and Feed (‘the Committee’) acknowledged that the specific composition of the feed concerned fulfils the respective particular intended nutritional purpose and that it has no adverse effects on animal health, human health, the environment or animal welfare.
- (10) Based on the above considerations, the list of intended uses should be reviewed.
- (11) Since safety reasons do not require the immediate application of the new general provisions and the list for the intended uses of feed intended for particular nutritional purposes, it is appropriate to provide for transitional measures in order to avoid unnecessary disruption of commercial practices and to not create unnecessary administrative burden on the operators.
- (12) In the interests of clarity and rationality, Directive 2008/38/EC should be repealed and replaced by a Regulation, which does not contain elements that would require transpositions by the Member States into national law.
- (13) The measures provided for in this Regulation are in accordance with the opinion of the Committee,

HAS ADOPTED THIS REGULATION:

#### *Article 1*

Feed intended for particular nutritional purposes within the meaning of Regulation (EC) No 767/2009 shall be marketed only if:

- a) the general provisions for feed intended for particular nutritional purposes of Part A of the Annex to this Regulation are complied with, and
- b) its intended use is included in Part B of the Annex and the provisions of the respective entry are complied with.

#### *Article 2*

By way of derogation from Article 1, feed intended for particular nutritional purposes which complies with the provisions of Directive 2008/38/EC may be placed on the market, provided that an application for the respective intended use has been submitted to the Commission in accordance with Article 10 of Regulation (EC) No 767/2009 before [12 months after the date

*of entry into force of this Regulation – Date to be inserted by the Service responsible for the publication].*

#### *Article 3*

Feed intended for particular nutritional purposes which has been labelled before [24 months after the date of entry into force of this Regulation – Date to be inserted by the Service responsible for the publication] in accordance with the rules applicable before [the date of entry into force of this Regulation – Date to be inserted by the Service responsible for the publication] may continue to be placed on the market and used until the existing stocks are exhausted.

#### *Article 4*

Directive 2008/38/EC is repealed.

#### *Article 5*

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

*For the Commission  
The President*
