

## Broflanilide

| Commodity  | MRL<br>(draft)<br>ppm | MRL<br>(current)<br>ppm |
|--|-----------------------|-------------------------|
| Sweet potato                                     | ○ 0.01                |                         |
| Japanese radish, roots (including radish)        | ○ 0.01                |                         |
| Japanese radish, leaves (including radish)       | ○ 9                   |                         |
| Turnip, roots (including rutabaga)               | ○ 0.04                |                         |
| Turnip, leaves (including rutabaga)              | ○ 6                   |                         |
| Chinese cabbage                                  | ○ 1                   |                         |
| Cabbage  | ○ 0.4                 |                         |
| Kale   | ○ 10                  |                         |
| Komatsuna (Japanese mustard spinach)             | ○ 6                   |                         |
| Kyona  | ○ 5                   |                         |
| Qing-geng-cai                                    | ○ 10                  |                         |
| Cauliflower                                      | ○ 2                   |                         |
| Broccoli   | ○ 2                   |                         |
| Other cruciferous vegetables <sup>1</sup>        | ○ 10                  |                         |
| Lettuce (including cos lettuce and leaf lettuce) | ○ 15                  |                         |
| Welsh (including leek)                           | ○ 3                   |                         |
| Green soybeans                                   | ○ 0.8                 |                         |
| Other herbs <sup>2</sup>                         | ○ 10                  |                         |

○ : Commodities for which MRLs are to be increased or newly set.

NOTE: The residue definition is Broflanilide only.

\* The uniform limit 0.01 ppm will be applied to commodities for which draft MRLs are not given in this table and to commodities not listed above.

1. "Other cruciferous vegetables" refers to all cruciferous vegetables, except Japanese radish roots and leaves (including radish), turnip roots and leaves, horseradish, watercress, Chinese cabbage, cabbage, brussels sprouts, kale, komatsuna (Japanese mustard spinach), kyona, qing-geng-cai, cauliflower, broccoli and herbs.
2. "Other herbs" refers to all herbs, except watercress, nira, parsley stems and leaves, celery stems and leaves.
