

4.2.11 It is allowed to add the following moisturizing substances:
glycerol (of food grade and non-petroleum products), 1-2 propylene glycol, 1-3 butylene glycol, triethylene glycol (with a minimum purity of 99.5%) and they shall be suitable for human consumption in line with pharmaceutical grade specification in conformity with the European Pharmacopoeia.

4.2.12 The product shall be of the food grade and authorized in accordance with item (2.8).

4.2.13 Flavored characteristics shall be permitted in accordance with the

4.2.14 If any preservative is used, this should be indicated on the label of the product in accordance with item (2.10).

5. D

5.1

5.1.1 It is prohibited to use words, images or phrases that violate public order.

5.1.2 The products shall be described or presented with labels, descriptive data, names, symbols, or marks that do not give a false or misleading impression, inside or outside the packaging, or that may mislead consumers, and in a false or deceptive impression about their characteristics in any way, suggest other type of products, or indicate a reduced risk of smoking limited to: Low or no tar and/or nicotine; light, very light, or mild cigarettes; no (or very little) flavors; or claims about economic benefits, health benefits, or suggestion of therapeutic benefits in terms of social life, or qualities such as femininity, masculinity, performance, or the size and appearance of the products in the pack.

5.1.3 The information shall be clear and legible. The text shall be distinctly different from the background color and design.

5.1.4 The descriptive data (in Arabic or English) shall be placed directly on the package and may be placed on a non-removable label.

5.1.5 No words, names, images, marks, symbols, or marks shall be placed on the cellophane wrapper.

5.1.6 The health warning on the package directly and clearly shall be fully visible in front of the consumer on the main display panel. This includes that it must not be partially or totally hidden by other words, marks, security features and wrappers, etc.

5.2 The following descriptive data shall be written on the product and the label of the cartridges:

5.2.1 Product name and trade name.

5.2.2 Number of units per package.

5.2.3 Validity or packing dates for month and year (according to validity period).

5.2.4 Production code (batch number)

5.2.5 Product ingredients (the name or type of flavor used shall be placed next to the product name).

5.2.6 Country of origin, manufacture or packaging

5.2.7 The phrase **(For sale in the Kingdom of Bahrain)**

(للبيع في مملكة البحرين)

5.2.8 For products which contain nicotine, the following health warning should be written in both Arabic and English on packages (literally):

(يحتوي على النيكوتين الذي يسبب شدة الإدمان وزيادة ضربات القلب ورفع ضغط الدم، وضار صحياً للمرأة الحامل والمرضع والأشخاص الذين يعانون من الأمراض الرئوية المزمنة مثل الربو والإنسداد الرئوي)

(Contains nicotine which causes severe addiction, increased heart rate and high blood pressure. Nicotine is harmful to the health of pregnant and nursing women, and people suffering from chronic pulmonary diseases such as asthma and pulmonary embolism.)

5.2.9 The health warning shall be in conformity with the following requirements:

5.2.9.1 The producing companies may increase or decrease and fix a health warning (Provided in clause 5.2.8) to suit the different sizes of product packaging, provided it covers more than 50% (excluding the frame) of the main display area (in English on the lower front) and (in Arabic on the lower back) on the outside of the package.

5.2.9.2 The health warning and its location, form and measurements shall be in accordance with the appendix 1 attached to this Standard, and it may not be changed, modified or rephrased in any way.

5.2.10 Add the following sentence in both Arabic and English on packages, in addition to (18+) symbol which should not be less than 1 cm x 1 cm:

(يحظر بيع واستهلاك هذا المنتج من قبل الأشخاص دون سن الثامنة عشر، ولا ينصح باستخدامه لغير المدخنين.)

(It is prohibited to sell and consume this product by individuals under the age of 18, and it is not recommended for non-smokers)

5.2.11 For products which contains electronic liquid the following sentence shall be added on packages in both Arabic and English:

(قد يشكل هذا المنتج خطراً على الصحة عند استنشاقه أو بلعه أو تماسه مع الجلد)

(This product may pose a health hazard when inhaled, swallowed or gets in contact with the skin)

5.2.12 The health warning requirements shall be applied in accordance with appendix 1 and shall be changed in accordance with the requirements of the public interest.

5.3 Each package (full system) of the product shall contain a printed leaflet containing the following data printed in Arabic or English:

5.3.1 Instructions for using and storing the product, including indicating that the product is not recommended for use by young people and non-smokers.

5.3.2 Circumstances where the product must not be used and warnings mentioned in Section 5.2 and any special warnings for certain groups of consumers.

5.3.3 Instructions for product use and storage.

5.3.4 Addiction and toxicity.

5.3.5 Potential adverse effects.
