

ANNEX D

GLOSSARY

1. **Advertising** shall refer to the conceptualizing, presenting, making available and communication to the public, through any form of media platforms, any fact, data, or information about the attributes, features, quality or availability of consumer products, services, or credit.
2. **Authorization** means a permission embodied in a document granted by the FDA to a natural or juridical person who has submitted an application to implement the manufacture, importation, exportation, sale, offer for sale, distribution, and/or, where appropriate, the use, testing, promotion, advertising, or sponsorship of health products. The authorization can take the form of a permit, a license, a certificate of registration, of accreditation, of compliance, or of exemption, or any similar document.
3. **Batch Declaration** refers to the filing by a marketing authorization holder of a notice to the FDA, concerning the manufactured or imported batch or batches of HTPs prior to release for sale, offer for sale, or distribution of such particular batch or batches of HTPs.
4. **Designated Vaping Area** shall refer to an area where the use of vapor products shall be allowed.
5. **FDA Electronic Registration Number (FERN)** shall refer to the product authorization issued by the FDA to FDA-licensed companies, firms or non-profit organizations to market specific HTPs classified as HUHS and health-related devices in the Philippines.
6. **Health Claims** shall refer to the beneficial effects to promote good health by enhancing/improving body function, improving a function, enhancing or preserving health and/or reducing the risk of health-related conditions of diseases.
7. **Heated Tobacco Products (HTPs)** refer to tobacco products that may be consumed through heating tobacco, either electrically or through other means sufficiently to release an aerosol that can be inhaled without burning or any combustion of the tobacco. HTPs include liquid solutions and gels that are part of the product and are heated to generate an aerosol.
8. **Industry** refers to manufacturers, traders, distributors (importer, exporter, wholesaler), and retailers of HTPs.
9. **Ingredient** means any substance that is added to the mixture and present in the finished product.

10. **Marketing Authorization Holder (MAH)** refers to a company, firm or non-profit organization that has been granted an authorization by the FDA.
11. **Nicotine Shots** refer to nicotine in liquid or any other form/substances that is added to or mixed with an HTP refill or cartridge that has the effect of increasing the dosage or nicotine concentration in a refill or cartridge.
12. **Package** shall refer to packs, boxes, cartons, or containers of any kind used on HTPs, which is offered for sale to consumers.
13. **Post-Marketing Surveillance (PMS)** refers to activities involved in safety, efficacy, and quality monitoring of health products. This shall also include, among others, adverse events reporting, product safety update reporting, collection and testing of health products in the market.
14. **Primary Packaging** refers to any material, including printed material, employed in the packaging of the product, excluding any outer packaging used for transportation or shipment, that is *in direct contact* with the HTP refills and cartridges.
15. **Promotion** shall refer to an event or activity organized by or on behalf of an HTP manufacturer, distributors (importer, exporter, wholesaler), seller or retailer with the aim of promoting HTP, which event or activity would not occur but for the support given to it by or on behalf of the HTP manufacturer, distributor (importer, exporter, wholesaler), seller or retailer. It may also refer to the display of HTP or the manufacturer's name, trademark, logo, and the like on non-HTPs. This includes the paid use of HTPs bearing the brand names, trademarks, logos, and the like in movies, television, and other forms of entertainment.
16. **Refills and Cartridges** are articles, which may or may not contain nicotine, designed to be used in conjunction with HTP electronic delivery devices for inhalation.
17. **Secondary packaging** refers to any material, including printed material, employed in the packaging of the product, excluding any outer packaging used for transportation or shipment, that is *not in direct contact* with the HTP refills and cartridges (e.g. product inserts, tags, etc.).
18. **Sponsorship** shall refer to any public or private contribution from HTP industry in relation to an event, team or activity made with the aim of promoting a brand of HTPs, which event, team or activity would still exist or occur with or without contribution. This shall also include corporate social responsibility (CSR) activities by the HTP industry.
