

Draft Regulation for The Use Restrictions and Labeling Requirement of Aloe as a Food Ingredient

MOHW Food No.1101302060, 8 September 2021

Article 1

The regulation is prescribed in accordance with the provisions of Paragraph 2 of Article 15-1 and Subparagraph 10 of Paragraph 1 of Article 22 of the Act Governing Food Safety and Sanitation.

Article 2

Only the completely peeled leaves of *Aloe vera* and *Aloe ferox* can be used as food ingredients.

Article 3

Food products containing the aloe leaves referred to in *Article 2* shall comply with the following requirements:

1. The aloin content shall not exceed 10 ppm.
2. The labelling of food products shall bear the following warning statement: Pregnant women shall avoid consuming. Food products with analytical reports issued by analytical institutes indicating aloin levels below 1 ppm are exempted from the warning statement requirement.

Article 4

The regulation will be implemented on 1 January 2023. However, food products containing aloe leaves can be placed on the market until their expiry date if the production date of domestic products or the imported date of imported products are before the implementation date.
