Office of Spill Prevention and Response
 File # 2021–0416–01
 Nontank Vessel Fee Increase

An owner or operator of a vessel is required to demonstrate the financial ability to pay for cleanup costs and damages associated with potential oil spills to marine waters. A vessel owner or operator must apply for and obtain a certificate of financial responsibility issued by the Office of Spill Prevention and Response (“OSPR”) Administrator. The Administrator is required to establish a barrel fee assessed against tank vessels and a fee assessed against non–tank vessels. The non–tank vessel fee is collected with each application to obtain a certificate of financial responsibility and every two years thereafter with the certificate renewal. In this regular rulemaking, OSPR is increasing the fee for non–tank vessels and amending the “Application for Certificate of Financial Responsibility for Owners or Operators of Nontank Vessels (300 GT or Greater)”, which is incorporated by reference in the California Code of Regulations.

State Water Resources Control Board
 File # 2021–0817–01
 Lahontan Region Water Quality Control Plan Update

The State Water Resources Control Board submitted this action to amend the Water Quality Control Plan for the Lahontan Region (Basin Plan). The amendments add definitions for three new beneficial uses to the Basin Plan. The beneficial uses added to the Basin Plan are Tribal Traditional Culture (CUL), Tribal Subsistence Fishing (T–SUB), and Subsistence Fishing (SUB).
