

Summary of the Draft of the "Quarantine requirements for the importation of fresh apples from Canada"

The draft regulates the quarantine requirements for the importation of apples from Canada. Fresh Canadian apples shall be subject to a systems approach including registration of supplying orchards and packinghouses, releasing sterile codling moth, pre-selection procedures, and export inspection. The importing fresh apples have to be accompanied by a phytosanitary certificate issued by the national plant protection organization of Canada with the required additional declarations.
